Days 5 & 6 February 2nd/3rd  
Days 7 & 8 April 11th/12th

## Adaptive Schools

The Adaptive Schools Foundation Seminar presents a productive, practical set of ideas and tools for developing collaborative groups in becoming effective and better equipped to resolve complex issues around student learning. The work of the Adaptive Schools Seminars is to develop the resources and capacities of the organization and of individuals to cohesively respond to the changing needs of students and society.

## Cognitive Coaching

Research indicates that teaching is a complex intellectual activity and that teachers who think at higher levels produce students who are higher achieving, more cooperative, and better problem solvers. It is the invisible skills of teaching, the thinking processes that underlie instructional decisions, which produce superior instruction. Cognitive Coaching is a research-based model that capitalizes upon and enhances teachers' cognitive processes.

Carolyn McKanders is Director Emeritus for Thinking Collaborative, the home of the Adaptive Schools Seminars and Cognitive Coaching Seminars®.

Taryn Davis-Hanson is a School Social Worker with COPESD and Agency Trainer for Cognitive Coaching Seminars.
