

# Ready Set Math

RESOURCES TO ENHANCE NUMERACY IN THE CLASSROOM

Ready Set Math supports teachers with research-based tools to build foundational numeracy, boost confidence, and deliver targeted instruction alongside any core curriculum.

## What Educators Will Learn

- How to use Ready Set Modules across grade levels
- Use formative assessment tasks to identify student understanding
- Support whole-group, small group, and partner/independent instruction and activities
- Plan next steps for classroom use

## What's Included

- Digital access to Ready Set Math modules
- Hands-on classroom materials
- Ongoing support through free follow-up workshops

## Who Should Attend

- Classroom teachers (K-5)
- Special education teachers
- Math interventionists
