

How to Unregister for an Event

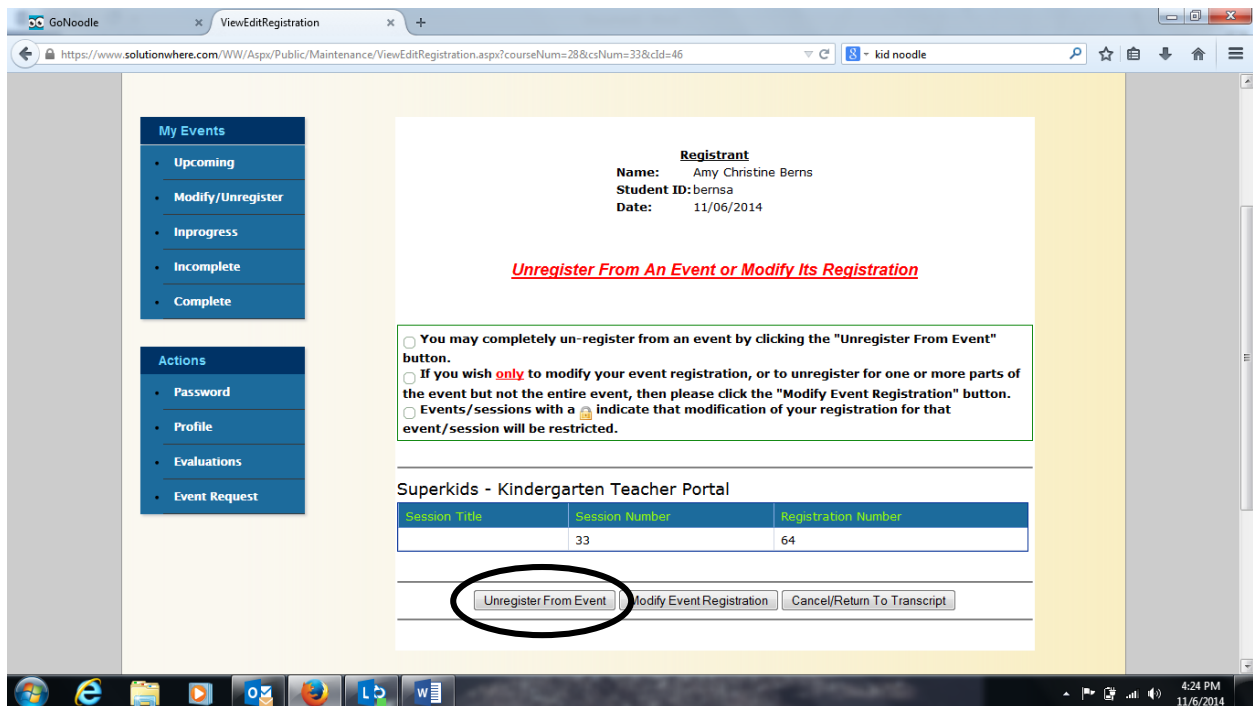

1. Enter in your log-in information

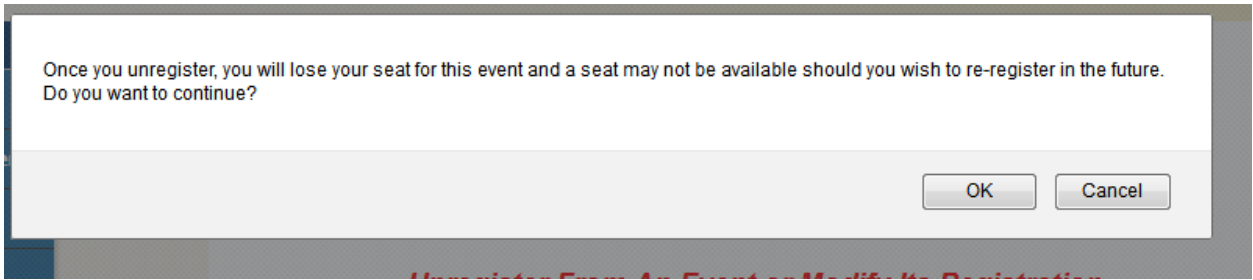

2. Click on "Modify/Unregister"

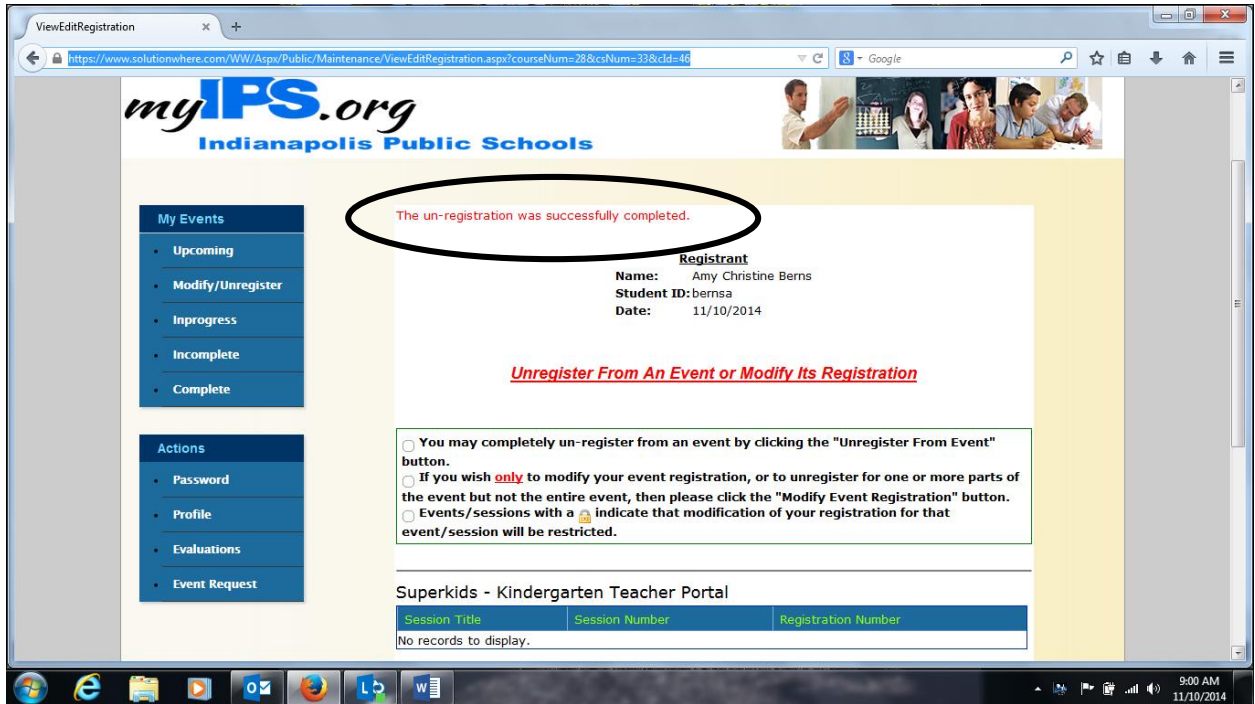

3. Click on "Change" next to the event you would like to unregister for.

4. If you would like to unregister for the entire event, click on the button at the bottom that says "Unregister From Event"

5. Click on "OK"

6. This screen shows that the un-registration was successfully completed.
